

PPP: Learn with the experts!

Private sector participation is one of the pillars of the health sector transformations in KSA.

The objective is to:

Share the Public Private participation experience in Spain conversing the following areas

- Hospitals & Infrastructure expansions
- Primary Health Care
- Training & Human capital development
- Population health management

Faculty:

Mr. Juan Carlos Andreu

Partner of WHM-World Health Management

Juan Carlos Andreu obtained his MBA at the Instituto de Empresa in 1991. He also holds a degree in Law, ICADE and a diploma in Economic Science and Business, ICADE, in 1984. In 2001 he finished his Master in Project Management (MPM) from Architecture School of Madrid.

He is Project manager since 1986, working internationally for the last 30 years. He delivered projects in 25 countries in four continents, Public and Private Sectors.

Juan Carlos is founder and Board Member of AEDIP – Spanish Project Management Association (Asociación Española de Dirección Integrada de Proyectos), AECIS (Spanish Association of Industrialized and Sustainable Housing), AEO – Spanish Offices Association (Asociación Española de Oficinas), Foro PPP (Spanish Association of PPP/PFI Projects, Círculo de Emprendedores del Instituto de Empresa, and some others.

He is a teacher of Project Management, PPP/PFI and Concessions at the Madrid Polytechnic University since 2001, Financial Accounting at the Instituto de Empresa – Business School since 1990, and Strategy and Entrepreneurship at UH-Universidad de las Hesperides, since 2011. He has attended conferences in Europe, Latin America and Africa and authored book and papers regarding control of public expenditure in Spain.

His experience as a consultant in healthcare PPP projects dates back to 1999, collaborating in the first 7 concession hospitals in the Madrid region of Spain. He has participated as Project Director in healthcare projects in Spain, MENA and SSA regions for the last 25 years.

José Augusto García Navarro

José Augusto García Navarro is a Medical specialist in Geriatrics, qualified in Clinical Management by EADA, qualified in Management of Health Services by ESADE, qualified in Leadership and Management Teams by the University of Barcelona and qualified in Senior Management Program (PADE) by IESE.

From 1999 to 2003 he worked as Director of the Hospital de la Santa Creu in Tortosa (Spain). Between 2000 and 2004 he worked as Director of the Social and Medical Care Services in the Sagessa Group. Between 2004 and 2007 he worked as Operations Manager in the Sagessa Group. From 2007 to 2011 he worked as Managing Director at the University Hospital Sant Joan in Reus. Lastly, he was the General Manager of the Sagessa Group (public hospital group with 3,400 employees, 6 hospitals, 5 primary health care centres and 11 care homes).

Nowadays, he is the General Manager of the Catalan Health and Social Care Consortium (41 hospitals, 54 geriatric rehabilitation centres, 57 primary health care centres, 171 care homes, 46,000 workers). He was the coordinator of the Social and Health Care Commission of the Catalan Health and Social Care Consortium and member of the Advisory Board of the Government of Catalonia for the Social and Health Care Master Plan. Currently, he belongs to the Board of Directors of the Catalan Health Service (the organization in charge of the Public Health System in Catalonia). He is the President of the Spanish Society of Geriatrics and Gerontology since June 2019.

He is the author of multiple publications in the field of Geriatrics and hospital management. He is a regular guest speaker at National and International Conferences in the field of geriatrics and Health Planning and Management. Furthermore, he also evaluates research projects with competitive funding in the sphere of geriatrics and Public Health Management for the National Agency for Evaluation and Prospective Assessor (an organization belonging to the Spanish Ministry of Science, Innovation and Universities).

Finally, he is a university lecturer in Management Masters Programs at the International University of Catalonia and the University of Barcelona. He is a regular consultant in the implementation of Public Health Program in several countries of Latin America and the Caribbean.
